TRUSTED WORLDWIDE**

A multi purpose secondary containment system to catch fuel or chemical spills.
Meets environmental legislation – ISO 14001: 2004.

Applications

- Bunding of tanks and drums.
- Plant and generator bunding
- Catches fuel and chemical spills or drips
- Portable decon pool for people and equipment
- Effluent, sewage and waste liquid catchment
- Vehicle and equipment wash-down

Benefits

- Simple assembly, no tools required
- Easy to transport, low weight and size
- Suitable for all climates
- Corrosion resistant
- Air inflation not required
- Adapts to uneven ground
- Easy to clean

Supplied in an easy carry bag

Ground Mat

- Provides extra protection on rough or sharp ground
- Made from heavy duty vinyl coated reinforced fabric
- Can be used as an additional washable work area

Protective Mat

- Provides extra protection for the inside of the tank from sharp equipment or heavy loads

Overflow control kit

- Automatically drains rainwater from underneath floating oil or debris.
- Offers controlled overflow & emptying of bund.
- Valve outlet for flow regulation.
- Corrosion resistant

Polythene liner

- Made from food grade polythene
- Prevents cross contamination
- Protects inside of tank from aggressive liquids.
- Minimises cleaning of tank after use with dirty or oily contents.
