

## Portable and Versatile On Water Recovery System

View Video: <https://youtu.be/i6Tv8HnKtTI>

### Application

- Recovery of body or casualty from water
- Recovery of victims from flood waters
- Can also be used for animal rescue
- Clip two stretchers together
- Attach to vessel at inner handles
- Use flotation pole through outer handles
- Submerge below casualty
- Hoist body by rolling on to vessel
- Use single stretcher to remove casualty from vessel

### Benefits

- Mesh allows full submersion of stretcher under casualty
- Stretcher cradles casualty when rolled into vessel or being carried
- Aids manual lifting & recovery of causality or body from water
- Improves safety for casualty and rescue personnel
- Small Package size and weight – easily stored on vessel
- Load capacity of over 200kg without stretcher distress
- Mesh allows water to drain from casualty
- Wraps around preventing casualty movement
- High friction grip from mesh holds casualty secure while being carried up stairs or incline

Complies with: BS EN 1865: 2000

### Specification

| Rescue Soft Stretcher | Assembled    | Packaged          | Weight | Load Capacity |
|-----------------------|--------------|-------------------|--------|---------------|
| Double                | 1.85 x 1.4 m | 0.22 x 0.30 x 0.1 | 2.20kg | 200 + kg      |
| Single                | 1.85 x 0.7 m | 0.22 x 0.25 x 0.1 | 1.10kg | 230 kg        |

Manufactured to ISO 9001 2015  
Quality standard from (900gsm)

Vinyl coated high tenacity orange fabric and heavy duty black mesh. High frequency welded with no stitching.

Temp Range -30°C to +70°C.  
UV Resistant.

### Flotation Pole

- Used for:
  - On water Recovery
  - Crane lift from boat to jetty
- Featuring lifting eyes for quick connection
- Light & Strong Aluminium
- Corrosion Resistant
- 191 cm Length

### Buckles

- Durable and easily actuated
- Used to connect stretchers together
- 4 per stretcher

### Marshalling Ropes

- Snap Hook and Loop at either end
- Attach to flotation pole for Water Recovery
- 2.5m Long Rope
- 700kg Breaking Strain
- Stainless Steel Snap Hook
- Corrosion Resistant
